

ESU 10 Jan Jones –

ESU 10 Representative has met with her Service Unit Staff Developer and Integration Specialist, as well as our NATA leadership to plan a repeat event or "Meet and Greet" to be held in Kearney August 4th. Jan's 50-some art teachers in her area received their second (email) newsletter in May before school was out, at which time she also shared an up-coming event in early December, when ESU 10 will host a tech workshop for their unit's art teachers with Paul Berkbiggler. Our hopes are to maybe have one more gathering in the spring semester, that would feature an outside art teacher-guest presenter, in a workshop format and the following fall, challenge ESU 10 teachers to start organizing their own activity that they design and share. Verbal response from teachers has been positive.... now we'll see how the pre-season kicks off with our August Meet and Greet--(:!!

HAPPY FIFTH OF JULY!! Hope your holiday weekend was relaxing and that your summer has been the same!

As promised in our ESU 10 Art Teacher's / NATA newsletter the last week of the school year, I wanted to send you information and a personal invitation to an AUGUST 4th "MEET AND GREET" event sponsored by the Nebraska Arts Teachers Association (NATA) leadership team at the Kearney ESU 10 facility.

IF YOU need a nudge of enthusiasm the first week of August to get back into an artistic and academic mode...

IF YOU are looking for some inspiring ideas for fall...

IF YOU have a few hours to rub shoulders with other art teachers in your area.... THEN THIS EVENT IS FOR YOU!!

In a an economic time of art education advocacy, NATA would also like to meet you and let you know they are there to support as well! This could be your best back-to-school motivator for Fall 2011! Hope to see you there! SAVE A SPOT!!

SEE ATTACHMENT AND RESPOND ASAP!!

Jan Jones, ESU 10 / NATA Representative
